## **Technical Data Sheet**

A research product for research purposes only.

# DIMENSIONS OF TOPSEAL-A PLUS (PN 6050185)

#### Material

Clear polyester film coated with a clear pressure sensitive acrylic adhesive specially designed for the rapid and easy sealing of polystyrene microplates. The perforated end tabs (see picture) allow easy handling, accurate positioning and quick removal of the tabs after sealing. Each box contains 100 seals and an instruction card.

### **Applications**

TopSeal-A Plus can be used with microplates for radioisotopic and luminescence analysis on the TopCount or MicroBeta counters from PerkinElmer.

#### **Dimensions**

| Length of seal with tabs       | 152  | mm |
|--------------------------------|------|----|
| Length of seal without tabs    | 120  | mm |
| Width of seal                  | 78   | mm |
| Seal thickness without backing | 0.07 | mm |
